in a thousand, as against 2.56 in the British army, and 0.20 in the German. Such figures as these tell their own story.

As drink plays so important a part, it is not to be wondered at that so many other vices prevail, or that the New York *Evening Post* has to say of the army, "So low is the moral tone that a military prison has to be maintained at a cost of seventy-five thousand dollars a year." There are now at Fort Leavenworth more than five hundred prisoners, besides those on Alcatraz Island, Cal., and in the State penitentiaries. Bear in mind, too, that it is only the very flagrant cases that get to these places. But with so plain a statement of facts brought before the people, they can draw their own conclusions, and judge for themselves as to whether the army is a moral place as some of its officers would have one believe.

All the better elements have been leaving the army wholesale during the past eighteen months, or just so soon as possible, considering the short time that the new system of recruiting has been in force. Why? Because they found the life unendurable, owing to its many abominations. Take warning, young men that may be thinking of enlisting, and keep away from a life that provides the quickest road that I know of by which you can travel to a point where you will discover that you have lost your manhood, and have sunk to a depth where you can scarcely recognize your former self.—*In the Golden Rule.*

#### REPORT OF THE TREASURER OF THE FUND FOR PEACE WORK AT CHICAGO DURING THE COLUMBIAN EXPOSITION.

We give below a condensed statement of the Treasurer's report of the receipts and expenditures for the Peace Exhibit and the Peace Congress at Chicago, that all who contributed may see what has been done with the money. Jonathan W. Plummer, 200 Randolph St., Chicago, who has served as Treasurer of the fund, has made an itemized report, with vouchers, to the Executive Committee of the Peace Societies appointed to have charge of the work. He has served to the entire satisfaction of the Committee and we take great pleasure in recording the sincere thanks of all connected with the Exhibit and the Congress for the efficient service which he has gratuitously rendered. We wish also to record our hearty appreciation of the services of Professor Benjamin Smith who was placed in charge of the work of fitting up the Exhibit section and of removing the Exhibit at the close. He has done, at merely nominal pay, an amount of difficult work, requiring great care and patience, which only those can fully appreciate who were cognizant of what had to be done. The success of the Exhibit owes much to his devotion and care.

The amount given below by no means covers all the expense. Considerable sums of money were spent by the Universal Peace Union, the London Peace Society, the American Peace Society and by other societies and by individuals in preparing and forwarding Exhibits and in getting them away again, the entire amount of which would exceed the whole amount given below. When it is remembered that the expenses of the Peace Congress were borne almost entirely by the World's Congress Auxiliary, it will be seen that the peace work of the past summer has been by no means an inexpensive one. But

the good done, we are already assured, far outweighs all the cost.

We are sorry that there is a balance of \$119.22 still unpaid. This includes the balance due the Treasurer and half the amount of the stenographic report, which does not appear in the Report.

We asked one month ago for contributions to meet this small balance, but have received no response.
